

10 CORSO COMO MILANO

Located in an industrial building in the inner courtyard of a traditional Milanese palazzo.

10 corso como is a network of spaces all rolled into one experience.

Founded in 1990, 10 corso como is a multifunctional space, a meeting place, union of culture and commerce and marks the beginning of total shopping.

Visitors and customers move from one insight to the next, from the Gallery to the Bookshop; from the design and fashion store to the Restaurant and the Café; rest in the courtyard garden or stay in the 3 Rooms hotel and share in the philosophy of 10 corso como
