

10 CORSO COMO UOMO

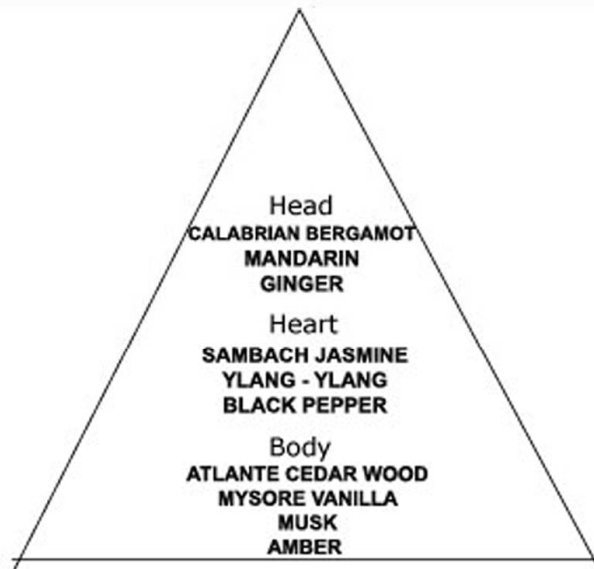

The new 10 Corso Como fragrance for men

10 years after the launch of 10 Corso Como parfum,
10 Corso Como Uomo continues the sensual but refreshing path
of the first fragrance.

Tradition meets innovation and the **opposites of hot and cool**
combine in the fragrance and its intriguing colour.

The notes of ginger and black pepper ending with a subtle base of
musk and amber give a rich and intense
note of sensuality.

The fragrance is available in one size, 100 ml.
